Dear Parents

As staff and governors we are striving to give every child at the school a happy and outstanding education and we would like to thank all the parents who contributed to the survey which will lead to further improvements in the school's performance. We have received a number of comments and we have published a detailed response on the school website. However, we have attached the survey results which in the main are extremely positive about all aspects of school life, but do also raise a number of concerns that the management team and governors will take action on.

Please take the time to look at the website for responses to comments and the attached survey results and feel free to raise any issues or concerns you have with the survey with us.

Many thanks for your participation,

On behalf of the Staff and Governors.
